drugs meter

drugs meter is not
about other people
- it's about you

drugs meter gives anonymous,
objective, personalised feed-
back on the alcohol you drink
and the drugs you use.

From the calories in your wine
glass to how big you cut your
lines, drugs meter knows it's
not just what you take - it's
also about how you take them,
who you are and what else is
going on in your life.

drugs meter compares your use
to thousands of other people
who take the same things you
do - so you know how you
measure up.

There is nothing like it and it's
free.

drugs meter - it's all about you.
